

## **Group 32 Flow-Through Uroflow Device Weekly Report**

Date: 11/17/2014

Project Name: Flow-Through Uroflow Device

Group Number: 32

Group Members: Jordan Nick, Jodi Small, Akhil Sundar

### **Current status of project:**

Working on creating our 3D model and have begun our final paper. We have set a date for 3D printing our model and are in the process of ordering a hinge needed for our device.

### **Work planned for next week:**

We will draw up our design in CAD and 3D print a scaled model of the device. We will also continue to work on proof of concept and the final report.

### **Anything needed from client or TA or instructor to continue work:**

No, thank you for answering our previous questions.
