

Weekly Report

Date: 10/19/14

Project Name: Flow-through Uroflow Device

Group Number: 32

Group Members: Jordan Nick, Jodi Small, Akhil Sundar

Current status of project: We have created a Pugh chart to trim down the number of ideas down from the original 16. The ideas have been narrowed down to 4. These ideas involve either the use of a force plate or radar transmitting bob.

Work planned for next week: Decide on one possible solution and finish the progress report.

Anything needed from client or TA or instructor to continue work: No
