

Weekly Report

Date: 11/2/14

Project Name: Flow-Through Uroflow Device

Group Number: 32

Group Members: Akhil Sundar, Jordan Nick, Jodi Small

Current status of project: We have decided on a current solution and we have divided specific tasks for each group member to do over the next week. We also plan to meet with our client to discuss some of the available technologies.

Work planned for next week: Akhil will look into the dimensions of the design. Jodi will research possible hinges to be used for the releasable bottom of the cup. Jordan will work on developing a proof of concept for differentiating volume into flow rate.

Anything needed from client or TA or instructor to continue work: We need to set up a time to meet with our client. We have already sent the email.
